"Am delighted with Tongaline; it is the remedy for neuralgia." So says Wald Howard, M. D., Booneville, Mo., and physicians generally have warmest words of praise for this almost infallible remedy for neuralgia, rheumatism and headache. For ladies subject to nervous, neuralgic or sick headache Tongaline has no equal.

Bridgeport.

It is about time for some one to say "The fruit is all killed."
The farmers are making preparations for the Summer campaign.
Mr. George Sacra, of Bagdad, was in the neighborhood last week.
Mrs. Ruth Hall and children are on a visit to relatives in Winchester.

Ayer's sarsaparilla is the best medicine for every one in the spring. Eruptions and travelers will find it an effectual cure for the eruptions, boils, pimples, eczema, etc., that break out on the skin—the effects of disorders in the blood, caused by secret diet and life on board ship.

What Can Be Done.

By trying again and keeping up courage many things seemingly impossible may be attained. Hundreds of hopeless cases of Kidney and Liver Complaint have been cured by Electric Bitters, after everything else had been tried in vain. So, don't think there is any cure for you, but try Electric Bitters. There is no medicine so safe, so pure, and so perfect a Blood Purifier. Electric Bitters will cure Dyspepsia, Diabetes and all Diseases of the Kidneys. Invaluable in affections of Stomach and Liver, and overcome all Urinary Difficulties. Large Bottles only 50 cts. at Jos. Leconte's.

BUZZARD ROOST,
FRANKLIN Co., Ky.

Editor Roundabout:

DEAR NEPHEW:—Your uncle wants to ask you a few questions:
First.—What do the sovereigns think of my prospects for the office of Jailor? Do you think that anyone else will want the office in Franklin county? Will you try and get some one to make the race? It's so long some where there is but one running.

Please withdraw my name as a candidate for Public Printer. Reasons private. I have changed my mind in regard to doing the public printing. If it is let to the lowest bidder some poor man or Republican would get it, and that would ruin the poor man, because there ain't but 40 cents in the Treasury to pay him; but it would be glorious for the Republican.

As to the Warden, your uncle is afraid some of the zebras would put out his light. I don't want to lose my life for 40 cents.
In regard to news, Whitt at Hutton a few days ago I learned that everybody is going to put in a large crop of tobacco. The citizens around that place are getting keener for sale by Mr. Bell, the agent for the Railroad Company.

Speaking of Mr. Bell reminds me of the fact that he lost his bull. He died with pluro-pneumonia. Please send the veterinary surgeon at once so he can get a check for his money and be ready when that much cash gets in the Treasury. Say some time in 1890 will do.

It is said we are a progressive party. That's true to the letter, at least we have made considerable progress in emptying the Treasury. There is not much left. The Auditor, after a neat count, reported just 48 cents left in the vault.

The Wise Men of the East have acted well their part at the Capital this winter in more ways than any one Legislature ever did before. Namely: In abolishing the Geological Survey. Just think of it. The Yankees out East would have come and put up foundries, shops, mills and nutting machines, and burnt up all of our coal and dug up all of the different ores, and left us as poor as buzzards. Well done, faithful servants. Be sure you keep the resources of the State a profound secret. Repealing the bill was right. The mover of the resolution to abolish the Geological Survey is a benefactor to the people of Kentucky. His picture ought to be in the chamber of the United States Senate, between Gen. Washington and Thomas Jefferson.

Don't pass the bill accepting money from the United States to educate the poor children of the State. My reasons are these. Yankees would come over to teach school and find our iron and lead ores and coal. The work then of repealing the Geological Survey bill would all be lost. I merely make this as a suggestion. I don't want to dictate.

It would be well to appropriate about ten thousand dollars to bring some more Dutch millmows for the ponds, creeks and rivers.
Fact is, we as a people are getting smarter every day. You'd tell you how I found it out—then you would be as smart as your uncle Zeke; but we are kin and I don't care to tell you. Remember, Lewis, it's a Masonic secret on the points of fellowship. I learned it from the assembled wisdom of the State at Frankfort.

Now for the information, namely: That it is right to vote the people's money to pay rich men for cows that may die of hog cholera and let the poor man lose his that may die from starvation. As a matter of course, I believe it's all right because the wise men at Frankfort say so. I'm in hopes it will turn out like Sut Lovingood and his dead playing dog. It's hard on the taxpayers, but it's the making of Cow Boys. We will try and stand it, as it will be the making of the pup.

That immortal committee that said the public printing bill ought not to pass, letting out the work to the lowest bidder, should have a vote of thanks.

Attention, Mechanic! Hold your breath! Sealed proposals will be received at the office of Zeke Yocum at Hutton, until March 10th, 1886 for the following named buildings: one large enough to do the public printing to be of brick, metal roof, with type, presses, and engines; in short, all machinery necessary to do work for the State. Also one barn as large as the Exposition building at Louisville, Ky. Said barn to be of brick, with metal roof, with large windows to give the poor sick cows plenty of air, with stalls not less than 20 feet square, with 30 feet ceiling. One large dwelling house for the veterinary surgeon, con-

taining 25 rooms with all modern improvements.

Seeing it's the order of the day to let out work to the highest instead of lowest bidder, no one need put in small bids. The one who puts in the largest bill will get the job.

Mr. Yocum reserves the right to reject any bid that may be too small. I can be found at my office at Hutton every day from six until six.

ZEKE YOCUM.

A Beautiful Woman.

A woman with pleasant smile, clear skin, bright eyes, generous expression, elastic step, hearty-hand shake and courteous welcome. Such a woman is not the victim of debility, languor or dyspepsia. She has overcome these pests by using Brown's Iron Bitters, the world's great tonic. Miss Mattie Benson, South Pasadena, Mo., says, "After using Brown's Iron Bitters for weakness and lack of appetite and energy I felt like another person."

Cure for Piles

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. Anorexia, like perspiration, producing a very disagreeable itching, after even the warming and itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, The Dr. Bosanko Medicine Co., Piqua, O. Sold by Hughes & Chiles.

AFTER DINNER.

Persons who suffer from indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, raise the liver to its natural action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Headache, Rheumatism, and many other serious ailments.

AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritable, and even then their influence is healing. To constitute their effect in constitutional or chronic cases, they are only to be taken in small doses, instead of increasing doses. For some of the inhabitants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness that will not alleviate, and in most cases cure, if taken promptly. To young girls just entering womanhood, and to women whose period of maturity is drawing to a close, Ayer's Pills, in moderate doses, invigorate the system, and give regular action of the bowels, will be found of

Incalculable Value.

FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky as second class mailable matter.

GEORGE A. LEWIS.
Editor and Publisher.

FRANKFORT, FEBRUARY 27, 1886.

Judge W. L. Jett, of this city, was on Tuesday appointed Post-office Inspector for this State by the Post Master General. He returned from Washington City Wednesday evening and as soon as his bond is approved his commission will be forwarded.

Miss Mintie Stephens, daughter of the late Ed. V. Stephens, died at the residence of her mother, in South Frankfort, Monday evening, after an illness of eight weeks, with meningitis, in the seventeenth year of her age. Her suffering had been intense and death came as a sweet relief from pain.

The case of Rennick vs. Todd was dismissed in the Circuit Court on Saturday without prejudice. This is the case in which the widow of the late At. Rennick was suing his brother-in-law, Mr. James M. Todd, to recover \$10,000 presented Mr. Todd by her late husband some time before his marriage with her.

Mr. Jas. M. Withrow, of this city, who for a number of years was Assistant Auditor of State, but for the last two years has been clerk at the Capital Hotel, has been appointed deputy in charge of the lists by Internal Revenue Collector J. F. Robinson. He left yesterday to assume that position in the Collector's office in Lexington.

Miss Mannie Powell returned Friday from Mayview, Missouri, where she was summoned by the fatal illness of her mother three weeks since. When she reached her destination she found the grim messenger had preceded her, and the loved one, whose dying hours she hoped to cheer, had crossed the dark river. She has the warmest sympathy of a large circle of friends.

Notice.

The members of the Confederate Memorial Association will take notice that there will be a meeting of said Association at the residence of Mrs. R. M. Aldridge on Tuesday, March 2d, at 4 p. m. All members are requested to be present. By order of,

MRS. R. M. ALDRIDGE, President.
W. L. JETT, Sec'y & Treas.

Mr. Robert Duvall, of Owen county, Assistant Sergeant-at-Arms of the House of Representatives, and Miss Ella Steele, daughter of Mr. William I. Steele, of Belle Point, were married at the Baptist Church Tuesday afternoon by Rev. G. F. Bagby, in the presence of a large company of friends of the young couple. The ushers were Messrs. Jake Corbett and George Bagby, Chas. B. LeCompte and James Corbett.

The Cora Van Tassel Dramatic Company have been playing an engagement of five nights at the Opera House this week to large, and appreciative audiences, who pronounce the troupe an unusually good one. The pieces presented have been well put upon the stage, each performer being very good and well up in his or her part, and the tremendous applause they received gave ample evidence of the great enjoyment of the crowded houses before whom they appeared. It is the earnest desire of our theatre going people that they return here again soon, which they may possibly do the latter part of next month.

Daniel Bandmann the celebrated tragedian of 30 years' standing, will appear at the Opera House on Wednesday, Thursday, Friday and Saturday evenings of next week, supported by a full company of first-class artists. The prices of admission will be on a popular scale—parquet and dress circle 50 cents; balcony 35, and gallery 20. The prices have not been put down because the show is inferior, on the contrary it is first class in every respect, but to induce the people to come out and give this celebrated actor full houses. Seats can be reserved at Barrett's without extra charge, beginning on Tuesday, March 2d.

G. A. R.
Stated meeting of Albert G. Bacon, Post, at Weitzel Hall, 223 St. Clair street, Monday evening, March 1st, at 7 1/2 o'clock. Visiting comrades are cordially invited.

D. W. LINDSEY, Com.
V. BERBERICH, Adjt.

Mr. Sol. Harris sold on Wednesday to Mr. P. C. Sower a lot on Main street, adjoining Mr. Sower's property, 25 by 100 feet for \$3,100. Mr. Sower will erect a business house upon it in a short time.

Mr. Harris will commence the erection of a business house upon the remaining portion of his lot on the corner of Main and St. Clair streets, 25 by 100 feet, early in April.

Eloquence, poetry, and song preside to-day. The Teachers assemble at the Opera House this morning at 10 o'clock, at which hour Governor Knott will deliver the address of welcome. The day and part of the night will be devoted to studying the wants of the children of the State. Teachers are here from all parts of the State, and of course Frankfort will be there en masse. We predict a very large and useful meeting. The entire Legislature was specially invited on yesterday.

Prof. Fusco, the celebrated vocal teacher of Louisville, under whose training Mrs. Fredenheimer, the sweet singer of that city, attained such excellence, will attend the Educational Meeting at the Opera House to-day and bring with him two of his pupils, Miss T. Margaret Williams, of Louisville, and Miss Bodie Combs, of Missouri, who is at present attending Emeline College, where the Professor has a class. These young ladies are both exceedingly sweet singers as well as very beautiful in person, and will add very materially to the programme. Miss Williams has already made an engagement with Max Strakosch for the balance of the season, and will join his opera troupe next week, and this is an opportunity lovers of music should not allow to slip by, as she may never honor us with her presence again. Miss Combs has sang in public but once before, on which occasion she completely captivated her audience and was encored a number of times. Don't fail to go to the Opera House to-day. One song from either of these young ladies will amply repay you.

The Children's Hop.

The fancy dress hop for the children by the Assembly Ball Club on Thursday evening was a grand success. The attendance was so very large that but little room could be had on the floor for dancing. Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. L. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-five pounds. Good News for the West End.

"Craw" seems angrier over the fact that the School Board, together with the educational committee of the City Council, have unanimously recommended the erection of a school building in the third ward. A regular and permanent public school once established in our part of the city would not only be of incalculable benefit to all the children of this and contiguous neighborhoods, but would be the first effective and a tremendously long step towards a radical change for the better in the general conditions of this part of our city. As light is most needed where darkness is thickest, so education is most needed where ignorance is densest, and the temptation to immorality and vice most prevalent. By all means let us have one or more schools in this benighted quarter. Every interest of the community will be promoted; no single interest be unjustly encroached upon or injured. Light is what we want. Therefore give us, we pray you, light. Mr. School Board, we thank you.

Louisville Tobacco Market.

FURNISHED BY GLOVER & DUBRETT, PROPRIETORS LOUISVILLE TOBACCO WAREHOUSE.

The sales for one week to date amount to 5,515 bbls. The offerings still embrace a large amount of tobacco in bad condition, and there has been no diminution in the usual large per cent. of inferior tobacco. Prices cannot be said to be any higher than last week, but the market has gained some of its lost animation, and buyers have taken more readily. Nothing of extra quality has offered and \$14.00 represents the highest price of the week for new Burley. The country purchases in the last few weeks have been on a large scale, and the prices which have been paid indicate a good deal of courage on the part of buyers, and, like Macawber, they expect something to turn up.

Sales of the new crop to date amount to 20,448 bbls. The following quotations fairly represent our market for New Burley: Dark Trash \$3.00 to \$4.00. Color Trash 4.00 to 5.00. Common Lugs not color 4.00 to 5.00. Color Lugs 5.00 to 7.50. Common Leaf not color 5.50 to 7.00. Good Leaf 7.50 to 10.00. Fine Leaf 10.00 to 13.00. Select Wrappery Tobacco 18.00 to 20.00.

Nipped in the Bud.

For eleven years I have suffered from a cancerous sore on my throat. At times it became very angry in appearance, discharging large quantities of matter and giving me intense pain. I used the ordinary household remedies only, and it would dry up and a scab would form over it, then it would increase in size again and trouble me greatly, and finally break and discharge freely. Thus for years it has been annoying me. A cancer doctor in Atlanta decided it was a cancer, and I used to cut it out. I could not muster courage to let him use the knife on my throat. About that time I saw the advertisement of Swift's Specific, and the statement of some one suffering like myself. I determined to try it, and in May, 1884, I commenced its use. My general health began to improve from the first. I was unable to eat anything scarcely, and became quite feeble; but my appetite increased, and I can eat anything now. The sore has healed up and I am in perfect health. The only sign is a small red spot about the size of a pea, but it gives me no pain. Am sure that a few bottles more will even remove that. I have done more for me than all other remedies used.

Pea Ridge.

The long contemplated pike road, connecting the Devil's Hollow with Benson and Bridgeport lines is one of importance to the citizens of the Ridge and also to the city of Frankfort.

Kentucky's poet laureate, Col. Thomas B. Ford, is expected to-day to deliver before the General Assembly, State Educators and others, one of the brightest poetic gems of his kind ever listened to on this planet.

Mrs. Mollie Quire, the charming songstress, daughter of Capt. Joseph Tracy, with her husband from Flat Creek, came to visit the home of her school days, and while here mingled her sweet soprano with the choir at the Institute.

A needy individual applied to the trustees for the school. "Do you know anything of mathematics?" inquired the incredulous official. "Wal, not as a know-er. I know Billy Matties, and a d—good fellow he is, too."

Capt. Joseph Tracy will appear in another column as a candidate for Jailor. The Capt. will have 150 votes in the field at home to start with. If elected he will owe the editor of the Roundabout \$50 for this personal paragraph.

That the pupils of the Institute have artistic skill was demonstrated one day last week by the erection of four mammoth statues of snow placed in front of the building. The figures were those of large men with every outline a marvel in execution.

When Romulus and Gabriel were returning home to Craw down the Devil's Hollow into Hell Gate, their conversation strayed into a political field. "Say 'us, de en'll'd folks all lub him. 'G-way, en'll'd you'll seed when I come back, 'Craw how all de aliggaes flock 'bout him like a swa'n 'ub bees. Look a heah, Gabe, 'twon you and I he'd make de best jalia ob de rebel flock 'o'd de yoo' darkey."

Her nose would split a histone, and she wears a crown of glory. "Now you have eaten 14 wasters from me and the old woman, and if you don't marry me before the sun sets to-morrow, I'll spit you to the ten avils and sue your rotten carcass for a breach of promise" waving a half finished ax handle above the manner of an Irish fencing master. Isaac is about half way to Western Texas.

Our Prof. of the Institute will have an exhibition at the Teacher's Association to-day, 60 Test Examples prepared by the Lord Premier of England for the examination of teachers throughout Great Britain. Our princely John Edge, who was educated in London, received a copy of those questions on cards direct from the Premier, which he has kindly placed in the hands of our venerable proceptor for analytical solution.

FRANKFORT ROUNDABOUT.

A Card.

From the fact that I have no other means of speaking to the voters of my district, because I am badly crippled from a fall of my horse, except in this way, and as I am informed there are objections to me as a magistrate, because I have been too liberal in the way of turnpikes, do. Now I have thought or two to suggest to such persons, if there be any. It is true that self preservation is the first law of nature, but while that is true it does not imply selfishness. It is true that along side of my front yard runs the Louisville and Crab Orchard Turnpike and all the county pikes east of me intersect it. I am not a selfish person. I am a Louisville pike connects me with Frankfort and the two Crab Orchard and Frankfort pikes are intersected by every pike south of the Kentucky river, from which it can readily be seen that I have full access to every one of them without any mud roads, which is all the pikes I need. The same I have had for twenty years, or more. And while the same can be truly said of many of the best farmers, merchants and distillers along the Cedar Run pike especially, should we shut our eyes against those who are not so well off as we are, when they want us to help them. Would that be doing as we have been doing by? Much less as we would be doing by. There are two sides to this question. When I first took my seat as magistrate all of the northwest portion of the land in this county south of the Kentucky river was without pikes and the greater portion was assessed at a value of from three to eight dollars per acre. Since that time there have been several pikes made and there will be more in the future. The same lands have increased in valuation from sixteen to twenty-five dollars per acre.

Now you can readily see that the people have not only been benefited but the valuation of their land has increased three fold, and if it has not already in a few years, the increase of the land and the value of the property for every foot of pike built in that part of the country, and this is not all. The increased valuation of their lands is lasting and will be the same for all time to come and therefore it surely is a good investment.

Remember well that the strongest effort I ever knew made against a pike in this county was that of the Cedar Run pike. What is it doing to-day for the county. The stock holders and those benefited by it. To-day it is paying the largest dividend into the county treasury of any property the county owns. Say nothing of the valuation of the valuation of the lands through which it runs, together with the benefits by and from the distillers and merchants along its line.

Now I do not want to be misunderstood in the matter of extravagant taxation while I want every one to know I voted for turnpikes in their proper places. I do not want to build houses the same way, because when you exclude ignorance you exclude crime, therefore not only benefiting the rising generation but saving money to the county and the people and penalizing expenses. I want it further understood that I have always voted against river taxes, railroad taxes or any taxation direct or indirect that would benefit any foreign corporation at our expense.

Facts are stubborn things and the above statements are facts and are not to be denied. County Clerk's office which every man has the liberty to examine. I do not intend to go into one precinct that asks for no improvements and try to account for the belief I am against county improvement, and then go to one precinct that is in great need of a little aid and say to them that you are against county improvement, thereby carrying water on both shoulders. One fact at a time is all I am willing to support. I do not expect to be able to meet any of the voters of my district and question them, but I do hope every one will give me a fair and a deliberate consideration before taking action in the matter.

I have the honor of being
Yours Respectfully,
S. M. TINSLEY.

Antioch.

Mr. Thos. Hunter has been suffering from a severe cold for the past ten or twelve days.

Henry Hales will move to Louisville in few days. We wish him success in his new home.

Messrs. Newt and Tom Hales were over last Sunday visiting friends and relatives.

Antioch will keep up with the fashions, Mr. James Russell and Dr. Davis' families have the measles, and Mr. Joe Roberts' family the whooping-cough.

We had the pleasure of reading one of Miss Mary Lee Gore's letters a few days ago, and was glad to note the great improvement she had made in her studies at the Danville Deaf Mute Institute.

There was a very good audience at Antioch last Sunday. Bro. Smith, having an appointment somewhere else, sent down a young brother from the "Bible College," to fill his place. The young man, however, was here. There an excellent sermon. Sicknes prevented our being present.

The "Educational Courant" for February has an article endorsing Mr. T. B. Ford of Frankfort for Supt. of Public Instruction. We endorse every word in it. No man in the State is more devoted to the cause of the schools of this State, and get less than he has. The people of the State should show their appreciation by calling him to that position.

WHAT WARNER'S SAFE CURE CURES AND WHY.

Congestion of the Kidneys, Eack Arche.

INFLAMMATION OF THE KIDNEYS, BLADDER OR URINARY ORGANS.

Catarrh of the Bladder, Gravel, Stone, Dropsy, Enlarged Prostate Gland, Impotency or General Debility, Bright's Disease.

WHY? Because it is the only remedy known that has power to expel the uric acid and urea, of which there are some 500 grains secreted each day as the result of muscular action, and sufficient if retained in the blood, to kill the life. It is the direct cause of all the above diseases, as well as of Heart Diseases, Rheumatism, Apoplexy, Paralysis, Insanity and Death. This great specific relieves the kidneys of two-thirds blood, from them all irritants, restores them to healthy action by its certain and soothing power.

IT CURES ALSO Jaundice, Enlargement of the Liver, Abscess and Catarrh of the Blue Ducts, Billousness, Headache, Furred Tongue, Sleeplessness, Langour, Debility, Constipation, Gall Stones and every unpleasant condition which results from liver complaint.

WHY? Because it has a specific and positive action on the liver as well as on the kidneys, increasing the secretion and flow of bile, regulates its elaborating function, removes unhealthy formation, and, in a word, restores it to natural activity, without which health is an impossibility.

IT CURES ALSO Female Complaints, Leucorrhoea, Displacements, Enlargements, Ulcerations, Pains in the back and side, Indigestion, Protrusion, prevents Convulsions and Child-Bed Fever and aids nature by restoring functional activity.

WHY? All these troubles, as is well known by every physician of education, arise from congestion and impaired kidney action, causing stagnation of the blood vessels and breaking down of the system. Beginning and the direct cause of all the ailments from which women suffer, and must as surely follow as night does the day.

WHY? Warner's Safe Cure is acknowledged by thousands of our best medical men to be the only true blood purifier, is because it acts upon scientific principles, striking at the very root of the disease by its action on kidneys and liver. For, if these organs were kept in health all the morbid waste matter so deadly poisons if retained in the blood, and this is the case. On the contrary, if they are deranged, the acids are taken up by the blood, decomposing it and carrying death to the most remote part of the body.

WHY? 98 per cent of all diseases which afflict humanity, arise from impaired kidneys, is shown by medical authorities. Warner's Safe Cure, by its direct action, positively restores them to health and full working capacity, nature curing all the above diseases herself when the cause is removed, and guarantee that Warner's Safe Cure is a positive preventive if taken in time.

As you value health take it to avoid sickness, as it will at all times and under all circumstances keep all the vital functions up to par.

We also guarantee a Cure and beneficial effect for each of the foregoing diseases, also that every case of Liver complaint, Catarrh of the Bladder, or degeneration has not taken place, and even then Benefit will Surely be Derived. In every instance it has established its claim.

AS A BLOOD PURIFIER, particularly in the Spring, it is unequalled, for you cannot have pure blood when the kidneys or liver are out of order.

Look to your condition at once. Do not postpone treatment for a day nor an hour. The doctors cannot compare records with us. Give yourself thoroughly to the treatment. Dr. Bosque's Cough and Lung Syrup. Stops a cough instantly, relieves Consumption, cures Croup and pain in the Chest in one night. It is just the remedy for hard lungs. Price 25 cents and \$1.00, Samples free. Sold by Hughes and Childs.

Miss Lillian Taylor of Midway, is visiting Mrs. Ryland Bedford.

Mr. Jno. Reddy and wife were in the village last week, both looking well.

Mr. Louis Hockersmith, lately of Missouri, has rented and moved to Connie Harper's farm.

Mrs. Kate Byrne, of Maysville, is here visiting her daughter, Mrs. Dr. Thompson.

Miss Katie Cannon returned home last week from a prolonged visit in Scott county.

Dr. Thompson has named his baby Louis Byrne; but calls him Jim for short.

Mrs. G. M. Brock spent last Tuesday with her sister, Mrs. Louis Hockersmith, lately of Missouri.

Mr. Marion Featherston was on the sick list for a few days last week; he is better.

Miss Annie Wood gave a brilliant little party last Monday night. Miss Jennie Norton, of Lexington, who has been the guest of Miss Annie, returned home last Tuesday.

Mr. Morris Hockersmith, who has lately returned from a two years' tour through Dakota, has bought a farm of G. W. Harden near Main Elkhorn, below Peak's Mill. The next thing for Morris is a wife. Look out girls, be ready for a proposal.

Mr. Allen, of Woodlake neighborhood, and old uncle Jimmie Shackelford, of Steedmanville, dined with their cousin Alf. last Monday. The bill of fare was simple, consisting of coffee, crackers and packed eggs. Uncle Alf apologized when friend Allen asked to have his plate changed, and said he never had desert on the 22d of February. Uncle Jimmie said he didn't care much about sweet things, but he was gwine to take a few more crackers; "help yourself, they are as free as water," replied the host. Alf says he never in all his life saw a barrel of crackers disappear so suddenly.

P. S. Alf has ordered a fresh barrel of crackers. Later--He said that dinner has taken the profit of three weeks sales, and he is in hopes that before another Washington's birthday he will be married, and that friend Allen and Uncle Jimmie will be in Dakota manufacturing cracker barrels.

Mr. J. B. Crane left here last Monday for a flying trip to Mortonsville, Ky.

Miss Katie and Stella Cannon spent last Wednesday with Miss Sue Wilkerson.

The following letter was written to the Governor by a well known citizen of this county some time since, but as yet he has received no reply:

FRANKFORT, Ky., June 29, 1885.

His Excellency, J. Proctor Knott, Governor:

I find the following law in the Statutes of Kentucky. It fully explains itself:

[General Statutes, title "Gaming," page 501.]

Article 11, paragraph 2. "One half of all fines and forfeitures denounced or prescribed in any section of this chapter, after the payment of proper fees and expenses of the prosecution, shall inure to the benefit of the Common School Fund, and the other half to the Commonwealth."

On examining the Auditor's reports for the past four years I fail to find the fractional part of one cent from this source of revenue credited to the school fund.

What I want to know, Governor, is why this law is permitted to be so grossly violated by every clerk in the State. Is the Auditor not clothed with authority to enforce this law as well as other laws?

I now appeal to you, as the one high in authority, paid by the people and sworn to enforce all laws, to give this matter your earnest and immediate attention. I have long since called Prof. Pickett's attention to the matter without any success. He has failed to reply to my letters.

Money intended by law to educate the poor children of the State should be looked after and not allowed to be lost to the school fund as has been done and is done to-day. Why is this money not collected and placed where this law requires it to go?

The Louisville Commercial published on March 12th, 1882, a list of 130 indictments for gambling, copied from recent records of the Jefferson Circuit Court. In every one of these cases a fine of \$500 was imposed by the court, amounting to \$65,000. The half of this amount is \$32,500, to which under the law I enclose you, is the property of the schools.

Yet the Auditor's reports fail to show any amount credited to the School Fund from this source of Revenue.

Will you look into the matter and let me hear from you at an early day why every clerk in the State is permitted by the Auditor to violate this law, thereby entailing a loss of thousands of dollars intended by the law to educate the poor man's child of Kentucky? I will be more than obliged to you for an early reply to my letter. I remain yours without great respect,

W. H. MURRAY.

Bill of Rights, Section 16. "That no power of suspending laws shall be exercised, unless by the General Assembly, or its authority."

From the Auditor's reports Chapter 47 of the General Statutes has been suspended. As an officer received fines imposed by the court \$5,890 for gambling, failed to turn over same to the State, suit is entered against him by the gamblers, he confesses judgment, and the judgment is remitted by the Governor. Notwithstanding the Constitution says "Common School Fund consisting of, &c., together with any sum which may be hereafter raised in the State by taxation or otherwise for purposes of education, shall (mandatory) be held inviolate for the purposes of sustaining a system of Common Schools."

Fines on gambling are collected by the Sheriff and not reported to the State, but are released by the Governor (see Muslemann case, Louisville) in direct violation of the clause I have quoted from the Constitution. The special attention of the committee on Retrenchment and Reform, as well as the Committee on Education, are requested to give this matter their earnest attention as to how section 16 of the Bill of Rights, as well as the Constitution, are violated by officers high in authority who are sworn and paid by the people to enforce all laws, which they have failed to do.
